

# Baker Design Group Wants to Partner Together – Wholesale Floral Designs and Interiorscapes

Baker Design Group is offering Dallas area Interior Designers the opportunity to discover a new resource partner with an experienced and trusted supplier of wholesale florals to interior design firms. The company's established relationships in the industry have culminated in discounts that can be passed onto the trade through competitively priced wholesale custom floral designs; the perfect solution to meet the demands of an ever changing consumer market.

Linda Baker has fashioned edgy, elegant floral designs and permanent interiorscapes for nearly 20 years. As founder of The Creative Branch, Linda's sophisticated designs and work ethic earned her a solid reputation partnering on numerous projects with interior designers in Houston, Austin and Dallas. Linda's realistic design work with florals and plants led to its own idiom – permanent interiorscapes – which garnered her such prestigious clients as the Hyatt Regency; The Four Seasons; The Woodlands Resort; Methodist Hospital; Ethan Allen; and EXPO Designs; among the many commercial and Interior Design Trade Consumers. Always in demand with her commercial and interior design trade consumers, she also was named a finalist for The Dallas Market Center Annual ARTS Award.

After relocating to Dallas, as principle owner and designer of Baker Design Group, Linda applied her winning business approach and built a successful firm providing new builds, renovation and re-design of residential and commercial properties. Linda naturally integrated her first love of innovative floral designs into the business rapidly gaining the recognition of designers in the Dallas with her high quality, life-like artificial flowers, succulents, and greenery. The

company carries several lines of florals to meet every occasion and every season – any style of interior design, beautiful fall florals and wreaths and spectacular Christmas arrangements – any season is in style and any style is in season at Baker Design Group!

Linda's success has come from her unique approach to partnering with interior designers instead of competing with them. Delivering not only a superior product, Baker Design Group prides itself on an exceptional program of service and dedication to promote their partnering designers, removing all doubt that customer satisfaction at every level is the ultimate goal.

Interior Designers that are in the market to partner with the professionals at Baker Design Group are invited to view their extensive lines of both product and containers in the warehouse located in their main office in Carrollton. Work with a group that knows the latest cutting edge floral designs and understands first-hand the needs of the client. For more information contact Mariana James at Baker Design Group.
